Opened August 2024

Capture the essence of pastoral Australia with a stay at Bendigo Lodges, a unique new offering combining the charm of bed and breakfasts with a commitment to environmental stewardship.

Operating on renewable solar energy and using eco-friendly materials, Bendigo Lodges was designed in homage to classic wooden-clad barn houses, the light-filled lodges feature comfortable beds and modern amenities, as well as a refined living and dining space with expansive windows opening onto a regenerative native garden.

Located in the heart of Bendigo city, two hours drive from Melbourne / Narm, the lodges provide a tranquil home base to explore the city's gold mining heritage, local gastronomy scene, art galleries, and historical sites.
